"My themes - the human figure in space, its moving and stationary functions, sitting, lying, walking, standing - are as simple as they are universally valid. Besides they are inexhaustible."

Oskar Schlemmer

WHEN:

Saturday 16.04.2005
start: 20:30 h

The performance ' MAN in eSPACE.mov ' is the result of the collaboration in between the French based dance company 'Res Publica' and the Belgian collaborative agency LAb[au] _ between dance and architecture. The performance is a first step towards an interactive dance performance examining the notion of space and its action inside, movement, while confronting it to communication and computation technologies which extends the perception and understanding, its interrelationship, between the body and space _ bodyspace.

The performance is co-produced by Arcadi[[...>](#)]
